June 16, 2016

MARKET OVERVIEW

Pre Open Thoughts: Courage Will Matter Now

What would life be if we had no courage to attempt anything? It is said and believed that the only courage that matters is the kind that gets you from one moment to the next. Same goes for our market it's only the courage that will matter now as Investors remain in a dilemma as they neither want to buy too early nor sell too early.

There will be a bit of a knee-jerk reaction to the Fed statement given the cautious nature of future rate hikes but it seems the economy is now more of a concern. Also there's a resounding commentary on how negative Brexit is. While it probably won't happen, investors seems to be worried and cautious ahead of referendum.

What's good is the Indian market will open on a happy note. Traders will be closely eyeing the movement in rupee as the dollar weakened, trading near a 20-month low versus the yen as traders shifted focus to the Bank of Japan after the Federal Reserve signaled a slower approach to interest-rate increases. Oil extended its slump and Asian stocks fell, while Japanese debt climbed with gold.

From our Derivatives desk it was observed that PSU banks changed the sentiment and led to a short covering led rally across the board. However, Call writers with a PCR of 0.25 indicate that the 8300 mark is unlikely to be crossed. We expect the Nifty to consolidate for some time between 8100-8300 before drifting lower.

In some important data points Open Interest in Nifty future has Shed 2% and Bank Nifty future has Gained 5%. Implied Vol at 17% and Historical Vol at 16% In Options, highest cumulative OI is seen at 8000 PE (with 8.09 Mn) and 8300 CE (5.86 Mn) on Puts front observed at 8000 (1385K). Call addition observed at 8400 (452K).

IMPORTANT MARKET HIGHLIGHTS

The Sensex rose 356.88 points or 1.35% at the day's high of 26,752.59 in late trade, its highest level since 10 June 2016. The index rose 50.88 points or 0.19% at the day's low of 26,446.59 in early trade. The Nifty gained 104.35 points or 1.29% at the day's high of 8,213.20 in late trade, its highest level since 10 June 2016. The index rose 14.30 points or 0.18% at the day's high of 8,123.15 in early trade.

Goods and Services Tax (GST), the biggest tax reform of the country, is likely to be implemented sooner than expected, reports quoting Finance Minister Arun Jaitley indicated. After attending a meeting of finance ministers of 22 states in Kolkata yesterday, 14 June 2016, Jaitley reportedly said that all states except Tamil Nadu have agreed on the broader contours of GST. The meeting has agreed that issues of dual control and revenue neutral rate should be dealt by the Empowered Committee and not to cap the GST rate in the Bill.

The Federal Reserve is expected to keep interest rates unchanged and signal if it still plans to raise rates twice in 2016 amid concerns about a US hiring slowdown and Britain's possible exit from the European Union. US stocks declined yesterday, 14 June 2016 as investors grappled with mixed signals from lower oil prices, stronger-than-expected retail sales and geopolitical uncertainty roiling European markets.

Index heavyweight and cigarette major ITC rose 1.75% to Rs 359.50. The stock hit a high of Rs 360 and low of Rs 353.65 in intraday trade. Capital goods stocks edged higher. ABB India (up 1.5%), Bharat Electronics (up 1.14%), Crompton Greaves (up 3.32%), Siemens (up 1.11%), and Thermax (up 0.46%) gained. BEML fell 0.35%.

Nifty View 16th June 2016 (Previous Close 8206.6)

Yesterday, Index opened with a positive gap, took support @ 8065 once again & rebounded up to 8110, finally closing flat for the day.

USD INR inching up to 67.3 zone coupled with FII Selling in Index Future & Buying in Index Options may lead to selling pressure at higher levels. Going Forward,

Post opening, Till Resistance Zone of 8208-8221 does not cross, expect a retest of 8105-8080. Only on a cross-over above 8221, Short Covering up to 8253-8277 will be witnessed. Break below 8085, will further lead to test of support zone 8020-7985.

On the Derivatives Front, Highest OI is witnessed in 8300 calls (59 Lakhs) with additions to the tune of 4.5 Lakhs Each in 8300 & 8400 Calls implying 8330-8340 Resistance now for the complete Series & 8240-8260 for short term.

On the Put side, Highest OI is witnessed in 8000 Strike (80 Lakh) with additions of 13, 2 & 7.35 Lakhs in 8000, 8100 & 8200 Puts implies that on a broader time-frame, 8030 - 8060 would be a stronger support for the complete series & 8080-8120 for short term.

Trading Range 8120 – 8230.

The Information provided by SMS or in newsletter or in any document has been prepared by Affluence Shares And Stocks Private Limited (hereinafter referred to as "ASSPL"). The Information provided by SMS or in newsletter are solely for the personal information of the recipient, and must not be singularly used as the basis of any investment decision. Nothing in this document should be construed as investment or financial advice. Each recipient of this document should make such investigations as they deem necessary to arrive at an independent evaluation of an investment in the securities of the companies referred to in this document (including the merits and risks involved), and should consult their own advisors to determine the merits and risks of such an investment. The investment discussed or views expressed may not be suitable for all investors. This information is strictly confidential. Neither Affluence Shares and Stocks Private Limited, nor its directors, employees or affiliates shall be liable for any loss or damage that may arise from or in connection with the use of this information.

The information contained herein is from publicly available data or other sources believed to be reliable, but we do not represent that it is accurate or complete and it should not be relied on as such. ASSPL or any of its affiliates/ group companies shall not be in any way responsible for any loss or damage that may arise to any person from any inadvertent error in the information contained in this report or SMS. Affluence Shares and Stocks Private Limited has not independently verified all the information contained within this document. Accordingly, we cannot testify, nor make any representation or warranty, express or implied, to the accuracy, contents or data contained within this document. While ASSPL endeavors to update on a reasonable basis the information discussed in this material, there may be regulatory, compliance, or other reasons that prevent us from doing so.

Past performance is not necessarily a guide to future performance. The disclosures of interest statements incorporated in the Information provided by SMS, report or in newsletter are provided solely to enhance the transparency and should not be treated as endorsement of the views expressed in the report. The analyst for this report certifies that all of the views expressed in this report accurately reflect his or her personal views about the subject company or companies and its or their securities, and no part of his or her compensation was, is or will be, directly or indirectly related to specific recommendations or views expressed in this report.

This document is being supplied to you solely for your information, and its contents, information or data may not be reproduced, redistributed or passed on, directly or indirectly. The information given or Information provided by SMS, report or in newsletter is as of the date of the issue date of report or the date on which SMS provided and there can be no assurance that future results or events will be consistent with this information. This information is subject to change without any prior notice. ASSPL reserves the right to make modifications and alterations to this statement as may be required from time to time. However, ASSPL is under no obligation to update or keep the information current.
